Download

There are 2 versions of the app: “Standard” and “Full.” The “Standard” version gives you access to all features in the app but there is no town to explore. The “Full” version is designed to give you access to most features in the app, as well as the Explore Town feature. Some users report errors when they try to download the app, particularly when they don’t have WiFi access.. Hantcom Office (Hantcom Space) 2017 Patch is the version of Hantcom Office app, you can download it and enjoy. An updated version of this app is available with version 3.4.

Plot The whole world is in danger of being destroyed by magic. Only by using the Hantcom Office you will be able to undo this great spell.

Gameplay The interface is split into two views – one that shows the map and one that shows all players in the world. The map view shows the layout of the world and the action buttons on the right are used to move from one location to another. The “Explore Town” button is the key feature of this app. This feature allows you to see and explore different locations around the world. The initial map is visible and the location markers are hidden. The map contains a small number of markers that you can see in each exploration view and the Explore Town feature will show all other markers and locations. The characters, monsters, and items are represented by icons. The orange icons are used for characters and monsters, and the blue items are used for the items. Characters that you meet in the game are associated with the appropriate icon. For example, characters that are fighting monsters and experience levels are represented by swords. Characters that are lost and need help are represented by medicine. The monsters that you encounter are represented by boxes. There is a small number of boxes, which represent the levels of the monsters. The experience points are displayed in the small box. This means that the player has a chance to level up when fighting against a monster. The different locations are represented by icons. The initial icon is a simple icon, but

when you explore the map you can see different icons. The menu can be accessed by using the tab button, which is at the top of the screen. In this menu, you can view your in-game
